

From Preparation  
To Presentation

*We bring more to the table.®*

Subtle fluting on bowl and lid enhance the food presentation and package appearance.

Tabs on lid and bowl facilitate easy removal and withstand multiple openings.

Leak resistant lids with secure rim closure eliminate messy spills.

Strategically designed sidewall offers superior strength and functionality on a wide range of applications.

Unique stacking system (bowl into lid) allows nesting for stability during transport. Each bowl nests into the lid of the same size and the lid of the next larger size.

Shallow 24 oz. & 32 oz. profiles maximize merchandising and storage space.

All bowls are available in clear and black with clear dome lids.
